volunteers
creating **£13,104**
in social
capital

£5,111,975

forecasted Financial Value per year.

For every **£1** invested there is **£5.06** created in Social Value

OUR SOCIAL PLEDGES

Health and Wellbeing

We pledge to improve the health and quality of life of our advocacy partners through the impacts of advocacy relating to reduction of fear and anxiety and an increased sense of freedom, control, self-value and respect.'

Housing

We pledge to empower people to have a say in where they want to live, to feel safe and settled in their home environment and to have their ongoing housing needs and views heard and respected.

Crime and Justice:

We pledge to raise the voices of people so that they receive fair and equal treatment, know their rights, are not victims of discrimination and feel understood.

Social and Community:

We pledge to support people to improve independence and reduce feelings of isolation by engaging with their wider community and services. We will raise local awareness about living with a disability, mental health and social stigma.

Education and Skills:

We pledge to increase awareness, develop knowledge and help to create skills that will support people to make informed, positive life choices.

Social Value Quality Mark has been awarded in recognition of Asist undertaking an evaluation and forecast of their impact and value. Awarded by Social Value Business.
